Mark Jenkins is in second and could catch up with a couple of long rides now that the weather is getting warmer and the days longer. Linda Zych has finally pulled ahead of Frank by a slim margin in the metric division-was Frank out on the links?

We will see if he can keep that lead or if Mark Jenkins will start pouring on the miles. Frank Zych still holds metric division but if he misses a ride Linda Zych will take it over.

It really is a close race for the second place in the overall division. I look forward to see you on the road.

February saw a little bit of rain but not enough to keep our year rounder members off their bikes. Foster still holds the lead position on the overall, long and century division, but Mark Jenkins is closing the gap. Frank Zych holds the top of the metric division followed closely by his wife Linda. As the days get longer and the weather gets warmer I hope to add a few new names to the list. It's not too late to join in the fun. Happy riding.

It's the start of another year and 10 riders have kicked off the year riding at least one metric ride for January. Foster Nagaoka put in a remarkable 605 miles for the month of January and leads the overall combined category. He shares the century and long category lead with his favorite tandem (and life) partner Janeene. Frank Zych has the lead in the metric category. We have a couple of new names added this year and hopefully will pick up a few more along the way.
